**Pre-Decisional/Deliberative/Not for Public Disclosure**

I need to have a discussion with you about the attached. I just talked with Dennis and the attached reflects feedback/input he and Will got from Whitman. We need to let Dennis and Will know whether there are any non-starters or fatal flaws. Can we meet before our larger group call for half an hour tomorrow, Thursday, 1/22? This is again one of those quick turnaround things.

Thanks,

Richard and Dick:

Attached is a first cut at an exchange on what it would take to address current issues regarding the Oregon CZARA program with respect to forest practices. This is only a draft for discussion purposes and we look forward to continued discussion. I believe we have a call set up for early next week to follow up but Will and I would welcome your feedback in advance of that if you can share it.
